Reason for Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims 9-16 are allowed over the prior art. The closest prior art of record is Tabuchi et al. (WO 2003/082770) who teach a silicon carbide body with the limitations of applicants' claims 9-16. However, Tabuchi et al. was published on a date prior to applicants' 371 filing date but after applicants' earliest foreign priority date. Upon the applicants' filing the English translation of the foreign priority document, the prior art of Tabuchi et al. no longer applies as prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LAUREN ROBINSON whose telephone number is (571)270-3474. The examiner can normally be reached on Monday to Thursday 6am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carol Chaney can be reached on 571-2721284. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
